As a volunteer, supporting victims

We have lots of Natural Disasters: Earthquakes or Tsunami

- In 2011: East Japan Earthquake and Tsunami, followed by the radiation leakage disaster.
- In 2012: Visited disaster-hit areas in Fukushima, Miyagi, and Iwate.

through our sport

Facilitate to play and enjoy volleyball

Then I worked as a facilitator, helping people affected by the disaster to find joy and relief through playing volleyball. Preferred to emphasize enjoying volleyball over being competitive.

Everything based on Development

- **Game Manager:** Create and develop new strategy, tactics and technics
→ Like Cross Over Hands Dig.
- **Development Leader:** All players can play in a match. Every Players have the right to play there.
→ Coaches' Mind Set like Ice Hockey

Everything based on Development

“A good workman does not blame his tools”

→ A Good

Development Coaches

Never Blame

Their Players

and Stakeholders

Up To Coaches' Ideas

CONCLUSION

**Let's enjoy the diversity of
volleyball**

I'll demonstrate my specific methods on the court. I've consistently focused on match-up management and team dynamics using my unique approach.
