1. INTRODUCTION

This Official Communication No. 1 (Registration) supports all National Federations interested in registering teams the 2027 CEV Club Competitions.

It contains important information and explanations about registration, regulations, and other items to ensure a smooth running of the competitions.

You will find a useful timeline / to-do-list in the [Organisation Guidelines - Chapter 1](#) available on the CEV website. Please read it carefully.

The CEV Office is available to help, should you have any questions, or need any assistance during this process.

2. 2027 REGISTRATION PROCEDURE

Registration is done via the CEV database by completing the 01 form (one per gender), no later than:

Monday, 15 June 2026 at 12:00 CEST.

Once you close the 01 form, the data is recorded and cannot be changed anymore. The CEV will set the form as 'Accepted' as soon as it is checked. When the signed and stamped originals sent by mail are received, the CEV will set the form as 'Confirmed'.

More information about your registration is available in the [Organisation Guidelines](#).

For further details on how to access the CEV database and its functionalities, please check Chapter 22.

3. ALLOCATION OF SLOTS

The allocation of slots per National Federation reflects the [CEV European Cups 2027](#) Ranking List.

Since Russian and Belarusian teams are not eligible to register for participation in the CEV European Cups 2027, further to a decision made by the CEV Board of Administration, the vacant positions in the 4th Round of the CEV Champions League Volley will be allocated according to a strategic approach designed by the CEV to enhance the quality of the competition. Therefore, such vacancies will be regarded as wild card slots.

According to the CEV Volleyball Competitions Regulations Article 31.1§1, The CEV only registers a maximum number of Clubs per gender and per National Federation, as follows:

- a) 5 in all Club competitions
- b) 3 in the CEV Champions League Volley

The club getting a wild card is not considered in the calculation of the maximum number of participants for each and all club competitions.

Notwithstanding the above, a National Federation granted a wild card for the CEV Champions League Volley shall not be entitled to an additional qualification slot via a CEV Zonal Association Cup or CEV Zonal Association Championship, should the total number of participating teams from that Federation exceed six (6) across all CEV club competitions.

Any CEV Zonal Association Cup shall be finalised:

- Women: by 11 October 2026
- Men: by 25 October 2026

The CEV Zonal Associations are kindly requested to inform CEV no later than by **Friday, 03 July 2026 at 23:59 CEST** to confirm the teams participating in their Zonal Cup – if any such competition is organised. The event shall feature a minimum of four teams per gender representing four different countries.

4. CL 4th Round - WILD CARD APPLICATION

Further to the decision of the CEV Board of Administration, wild cards may be granted for participation in the 4th Round of the CEV Champions League Volley.

The CEV is committed to ensuring that this process is run and governed with a strategic, balanced, and forward-looking mindset. The evaluation process considers both sporting merit and the overall contribution a club can make to the sporting, commercial and promotional development of the competition.

The CEV hereby invites interested clubs to submit their applications for a wild card to enter the competition.

Each application must include comprehensive information addressing the following evaluation criteria:

1. Sporting Merit & Competitiveness

- Recent national and international results
- Domestic league and/or national cup standing
- Performance in previous CEV competitions (if applicable)
- Ambition and competitiveness for the upcoming season
- Team roster

2. Venue & Infrastructure

- Venue name, city, and capacity
- Compliance with CEV requirements (e.g., flooring, lighting)
- VIP, media, and team facilities
- Historical attendance and fan engagement figures in CEV and national competitions

3. Organisational Capacity & Event Organisation

- Description of the club's organisational structure
- Previous experience in hosting international or major domestic matches
- Operational readiness to meet CEV match organisation standards
- Estimated fan attendance for the CEV Champions League Volley matches
- Sports presentation strategy

4. Commercial & Marketing Potential

- Key sponsors and commercial partners
- Fan base data (attendance, social media following, community engagement)
- Marketing and promotional plans for the competition
- Proposed strategies for enhancing visibility of the club and the event
- Opportunities to create joint activities between the club's commercial partners and the CEV.

! *Note: While commercial proposals are not a formal requirement, they may be taken into account in the evaluation process to maximise the competition's value and visibility and partner exposure.*

5. Media Plan

- Club's digital communication strategy (website, livestream, social media)
- Content creation capabilities (video, interviews, match coverage)
- Ability to support CEV's digital and broadcast strategy

6. Strategic Value for European Volleyball

- Impact of participation on volleyball growth in the region or country
- Market development potential and media reach
- Youth programmes, school engagement, or grassroots outreach
- Long-term commitment to developing the sport

7. Commitment to CEV Values

- Respecting CEV Regulatory Framework
- Upholding Fair Play, Integrity, and Inclusiveness
- Promotion of gender equality and diversity
- Sustainability and environmental responsibility initiatives

The CEV Office remains at your disposal for any assistance in submitting the application and reserves the right to request additional information or clarifications during the evaluation process.

Applications must be submitted via email to clubs@cev.eu with the respective National Federation in copy no later than **Monday, 15 June 2026 at 12:00 CEST.**

Please note that the final decision regarding the allocation of wild cards rests solely with the CEV Board of Administration.

5. CEV REGULATORY FRAMEWORK

During your participation in a CEV competition, you will have to use and comply with the CEV Regulatory Framework, mainly with the CEV Volleyball Competitions Regulations, Guidelines, and the Official Communications. These documents are available on the dedicated section of the CEV website: <https://inside.cev.eu/documents/volleyball-documents/>

You will also have to fill in CEV forms. These forms are available in your area in the CEV database.

For a full list of the CEV forms, please check the [Organisation Guidelines - Chapter 2](#).

The CEV Board of Administration approved new changes to the CEV Volleyball Competitions Regulations. The latest version of such regulations is available on the CEV website.

Please be aware that by registering for the CEV European Cups 2027, you acknowledge that you have read and agreed on the terms of these Regulations and Official Communication.

6. 2027 CEV EUROPEAN CUPS CALENDAR

The 2027 European Cups calendar is currently available in your download area in the CEV database as well as on the CEV website [here](#).

Wednesday, 15 July 2026 at 12:00 CEST

The CEV European Cups 2027 Drawing of Lots event will be live-streamed on the official CEV YouTube & Facebook channels.

14. CHALLENGE REFEREES APPOINTMENT – UPDATE

According to the latest version of the CEV Volleyball Competitions Regulations (adopted by the CEV BoA in March 2026), a specific **Challenge Referee** will be appointed by the European Refereeing Commission for the following competitions stages:

CEV Champions League Volley 2027:

→ From Playoffs onwards

CEV Volleyball Cup 2027:

→ From Playoffs onwards

CEV Volleyball Challenge Cup 2027:

→ For final matches H-A

The Challenge Referees are part of the category “Match Officials” so their nomination **and cost coverage** are subject to the CEV Volleyball Competitions Regulations like for all other appointed CEV Officials (Supervisor, Referees, Referee Coaches).

15. USE OF CHALLENGE SYSTEM – UPDATE

CEV Champions League Volley 2027:

Please be reminded that the use of the Challenge System is mandatory in all rounds of the CEV Champions League Volley 2027, including the Early Rounds.

CEV Volleyball Cup 2027:

The use of the Challenge System is mandatory starting from the Playoffs of the CEV Volleyball Cup.

CEV Volleyball Challenge Cup 2027:

The use of the Challenge System is mandatory starting from the ¼ Finals of the CEV Volleyball Challenge Cup.

16. USE OF LED SYSTEM & GIANT SCREEN

CEV Champions League Volley 2027:

The LED system and giant screen are mandatory for **all rounds** of the CEV Champions League Volley 2027.

The clubs **must** submit the “LED system application form” (including the specifications of the Giant screen) to the CEV for approval no later than 1 September 2026.

CEV Volleyball Cup 2027:

The static banner system is allowed up to the ¼ Finals. The LED system is mandatory starting from the ½ finals.

The clubs shall submit the “LED system application form” to the CEV for approval no later than 25 September 2026.

CEV Volleyball Challenge Cup 2027:

The static banner system is allowed up to the ¼ Finals. The LED system is mandatory starting from the ½ finals.

The clubs shall submit the “LED system application form” to the CEV for approval no later than 25 September 2026.

A combination of static banners and LED system is not permitted in any of the above competitions.

The LED system application form is available on the CEV Cloud (download area). The application form must be submitted as specified in the application document.

Overview of LED system usage:		
Competition:	LED system mandatory	Deadline to submit the LED system application form
CEV Champions League Volley 2027	for all rounds	no later than 1 September 2026

19. BRANDING

For the upcoming season, all materials and branding layouts will be available in due time after registration in the download area of the CEV Cloud, and all clubs must implement them for the 2026/2027 season.

Further information on all graphics will be published in the next Official Communication.

20. MATCH TECHNOLOGY

Participating clubs in the CEV European Cups 2027 should use the following match technologies based on the specific competition and phase:

- e-Scoresheet;
- e-Scoresheet Tablet;
- Data Volley 4;
- Video Sharing;
- Video Challenge;
- Wireless Headset.

Data Collection

e-Scoresheet, e-Scoresheet Tablet, Data Volley 4 and Video Sharing are mandatory and provided by CEV's official technology partner Genius Sports. The applications download and user guidelines documentation link is the following:

<https://download.dataproject.com/cev>

The software should be operated by following the official CEV Volleyball Competitions Regulations and the Genius Sport software user guidelines documentation:

- e-Scoresheet is the only official software, operated by one (1) Scorer who officially records the match progress, results, participants, events, protests, and sanctions of such match. Statistics of each match are collected by designated match officials of the Organiser (or home team) for CEV purposes.
- The e-Scoresheet Tablet is the part of the e-Scoresheet software operated by a team bench and match referees to manage match line-ups, substitutions, timeouts, video challenges, and to follow player positions.
- Data Volley 4 is the only official software, operated by one (1) Statistician who officially records players' and team's statistics of each match. The statistics of each

match are collected by a designated Statistician of the Organiser for CEV purposes.

- Video Sharing is a software operated by a designated Statistician to upload and download match video recordings and statistics collected by Data Volley 4.

The necessary login credentials (including username and password) for the above software are available to the Organiser on [the CEV Database](#) before the start of the competition.

The Organiser must provide free-of-charge the following facilities and resources during the CEV Competition to operate the e-Scoresheet, e-Scoresheet Tablet, Data Volley 4 and Video Sharing in a professional manner:

- Hardware including laptops or tablets that meets the software minimum technical requirements:
 - [e-Scoresheet requirements.](#)
 - [e-Scoresheet Tablet requirements.](#)
 - [Data Volley 4 requirements.](#)
 - [Video Sharing requirements.](#)
- Download and installation of the latest version of the software.
- High-speed and stable internet connection for e-Scoresheet and Data Volley 4 via LAN cable with at least 10 Mb/s up and down speed and necessary power supply during the CEV Competition to ensure professional data collection and distribution to CEV and all CEV Commercial partners.
- Appointment of an experienced Scorer and Statistician during the CEV Competition to operate the software applications and collect data and statistics according to the respective regulations.
- Execute [e-Scoresheet](#) and [Data Volley 4](#) match tests in the Competition Hall one (1) day before the start of the match scheduled for a CEV competition.
- Using the credentials provided by the CEV and only on a match court, ensure delivery of the [e-Scoresheet](#) and Data Volley 4 live match statistics without internet connection interruptions or data collection mistakes.
- Finalize e-Scoresheet match on the court within 5 minutes after the end of a match and print Scoresheet according to the Official Volleyball rules and CEV Guidelines. Prohibition of any illegal or non-authorized collection, archiving and distribution of match related data and statistics during all matches.

Betting Data Collection

In order to enhance the quality of CEV data collected for betting purposes, CEV implement a revised betting data collection approach in cooperation with its Official Data Partner, Sportradar.

To support the implementation of this enhanced data collection process, we kindly request the cooperation of all organisers as follows:

1. Personnel Access

Organiser must grant match access to authorised data collection personnel.

- Identification: The CEV Data Department will provide scout details to the Club Organising Director on a match-by-match basis.

- Notification: You will receive an email (including an Excel attachment) around Thursday containing the Sportradar scout list for the upcoming week's matches.

Example:

Description	Home Team	Guest Team	Local Time	Sportradar scout information
CEV Volleyball Cup 2026 Women	Galatasaray Daikin ISTANBUL	LEVALLOIS PARIS Saint Cloud	25/02/2026 20:00	Name Surname, 01.01.1980
CEV Volleyball Challenge Cup 2026 Women	Megabox group VALLEFOGLIA	KHG KAPOSVÁRI NRC	25/02/2026 20:00	Name Surname, 02.02.1990

21. MEDIA RIGHTS & HOST BROADCAST PRODUCTION

The CEV is the ultimate media rights-holder of the CEV Club Competitions including the CEV Champions League Volley, the CEV Volleyball Cup and the CEV Volleyball Challenge Cup. The CEV has appointed the Sport Media Agency Infront as its exclusive global media rights distribution partner for the above-mentioned competitions.

For further information on media rights and host broadcasting production matters, the following contact details shall be used during the CEV Club Competitions season 2026/2027:

- CEV – Ms Xiaohan Wen, TV & Media Rights Coordinator (tv@cev.eu)
- Infront – Ms Ottavia Perra, Director Media Sales (Ottavia.Perra@infrontsports.com)
- Infront – Ms Michela Cugnasca, TV & Media Rights (Michela.Cugnasca@infrontsports.com)
- Infront – Ms Deborah Termanini, Media Operations (Deborah.Termanini@infrontsports.com)

The following media rights range of exclusivity and broadcasting standards, which are duly stated in the CEV Volleyball Competitions Regulations, will apply during the CEV European Cups season 2026/2027:

1. CEV Champions League Volley

Match Schedule

In relation to their home matches, it is the responsibility of each participating club to submit officially their match date & starting time (in local time) proposals to the CEV via the 07 form. It is the club's responsibility to ensure that all the submitted proposals are valid for review.

Once submitted by the club, the proposals are considered definitive and reviewed by the CEV and the CEV Sport Media Agency.

Similarly, the participating clubs sharing competition halls/venues shall coordinate between each other before submitting their proposals via the 07 form (such clubs might also request the support of their National Federation to help with the coordination).

The CEV and the CEV Sport Media Agency reserve the right to select any of the submitted proposals by the participating clubs and confirm the final match schedule (in accordance with art. 13.3. of the official CEV Volleyball Competitions Regulations).

Media Rights

On behalf of the CEV, the CEV Sport Media Agency Infront is managing and distributing the exclusive worldwide media rights with respect to the Men & Women CEV Champions League Volley. As a result, the participating clubs **do not hold** any media rights in their domestic territory.

In order to ensure a professional broadcast production, the participating clubs must provide upon request to CEV and its Sport Media Agency the following facilities and services on a free-of-charge basis:

- Camera platforms for one (1) or two (2) cameras centralised above the court and at the appropriate angle to produce a TV signal of international standard.
- A minimum number of commentary positions for each match to be located on the same side of the main camera and as close as possible to the field of play.
- Access to match data/statistics for the host broadcaster and the TV graphic operator.
- Adequate space in the TV and SNG compound for TV transmissions and production vans.
- One (1) fully furnished office for the CEV Sport Media Agency team on-site.
- Support to access the venue, TV compound and other broadcast areas.

2. CEV Volleyball Cup & CEV Volleyball Challenge Cup

Media Rights

With respect to the domestic matches only, the CEV is granting to the Participating Clubs the non-exclusive domestic media rights in the territory.

Signal Delivery	Established European satellite (Eutelsat 10A or 7B)
TV graphics	Provided by the CEV and its Sport Media Agency (via FTP)

For the avoidance of doubt, the World Feed signal of each produced match must be delivered to the CEV and its Sport Media Agency free of charge via satellite according to the following standards:

- Uplink to an established European satellite
- Book the corresponding satellite space (including the end-to-end test synopsis)
- Provide an encrypted satellite feed (also called BISS code)

In order to ensure a professional broadcast production, the participating clubs must provide upon request to the CEV and its Sport Media Agency the following facilities and services on a free-of-charge basis:

- Camera platforms for one (1) or two (2) cameras centralised above the court and at the appropriate angle to produce a TV signal of international standard.
- A minimum number of commentary positions for each match to be located on the same side of the main camera and as close as possible to the field of play.
- Access to match data/statistics for the host broadcaster and the TV graphic operator.
- Adequate space in the TV and SNG compound for TV transmissions and production vans.
- One (1) fully furnished office for the CEV Sport Media Agency media and production team.
- Accommodation (full board) – up to 2 rooms for the CEV Sport Media Agency staff on-site provided that they request minimum 1 month before the start of each match.

Lastly, comprehensive TV production manuals/match running order and on-screen graphics package will also be distributed to each participating club and appointed host broadcasters.

22. DIGITAL & SOCIAL COVERAGE

The rising of mobile phone users and social media changed the way we look at the sport of Volleyball including our engagement to that unique sport. There are many different social media platforms like Facebook, Twitter, Instagram, TikTok, and YouTube. Fans worldwide can use these social media platforms conveniently in their daily lives. Social media has also become an important tool for promoting events, distributing content, attracting new readers, and creating more engagement to teams and athletes.

The participating clubs should use social media to promote the CEV Club competitions. You may find below industry standards as well as social media tips that can be used throughout the season:

Description	YouTube	Facebook/Instagram/ TikTok	X
Type of posts	Match Highlights Top plays Off-the-court content	Single rally clips Graphical clips	Single rally clips, pictures, match/player stats
Ideal length	3 minutes or longer	< 1 minute	< 1 minutes

- Go “behind the scenes.” Make fans who are not at the event feel like they are there (and want to attend next time) by showing the scene on social media accounts. (e.g. show what the players are doing in their off time, before the game, etc.).
- Quote players: people love sharing a great quote. Make sure you use quotation marks and attribute it to the speaker.
- Think quality not quantity.
- Interaction between fans and athletes: when you post an interesting fact about a player, tag the athlete.
- Cross-post to other media. Make posts by attaching photos and videos of the event.
- Interact with people at the event. Share newsworthy posts by fans and credible sports journalists.

Participating clubs are also expected to engage and support the CEV Digital & TV Department with the following actions:

- Promote the events via their own social media channels on a regular basis.
- Use the official competition hashtags whenever posting about it.
- Access and use CEV Social Media Graphics creator platform.
- Share on their social media behind-the-scene photos and video footage, showing the social side of players and staff, which can be re-tweeted or shared further on by the CEV.
- Provide the CEV with additional content to distribute on social media: the best promotion comes from the players themselves.
- Produce additional video material, such as mixed zone interviews in English, for publishing across social media channels.
- Engage with the CEV and other participating clubs on social media by liking, sharing, reposting, following, and retweeting content.

The official #hashtags to be used throughout the season are:

#Volleyball – when referring to the sport of Volleyball

CEV Champions League Volley 2027 – Women	#CLVolleyW
CEV Champions League Volley 2027 – Men	#CLVolleyM
CEV Volleyball Cup 2027 – Women	#CEVCupW
CEV Volleyball Cup 2027 – Men	#CEVCupM
CEV Volleyball Challenge Cup 2027 – Women	#CEVChallengeCupW
CEV Volleyball Challenge Cup 2027 – Men	#CEVChallengeCupM

The CEV Digital team will reach out to each Participating Club with digital and social media coverage guidelines. A communication structure via Slack channels will also be established prior to the start of the season.

If you have any questions and/or ideas for digital and social media activations, please always contact digital@cev.eu.

23. TEAM & PLAYER PICTURES
