## 2. Event Homologation Procedure

Earlier this year the FIVB has implemented a homologation procedure for National, Zonal and Continental events. This gives a possibility for the athletes to earn World Ranking points from homologated events, which will be used for the entry and seeding purposes at future CEV & FIVB Snow Volleyball events.

Homologation application forms shall be sent -30 days prior to the start of the event(s) concerned to the CEV. An application sent after the specified deadline may be not accepted by the CEV/FIVB. However, the non-homologated events can still take place without benefitting from the allocation of world ranking points.

Please refer to the respective homologation form (National/Zonal) to find out more about minimum requirements and the application procedure. The forms can be found on the CEV & FIVB websites.
