1. Introduction

Following the CEV Board of Administration Meeting held in Paris (FRA) 07 November 2025, we are pleased to announce the launch of the registration process for the European League 2026 and 2027, which will serve as the qualification pathway to EuroVolley 2028.

By registering for participation in the CEV Volleyball European League 2026 and 2027, all the teams commit to following the CEV Competition Regulations, Guidelines, and Official Communications.

All participants are required to be aware of the content of this document, in particular the specific provisions outlined in Chapters 20 and 26 of the CEV Competition Regulations.

This and subsequent 'Official Communications' are available as a pdf file on the CEV website here:

<https://inside.cev.eu/documents/volleyball-documents/>

For this competition, those working on it have the support of the 'Competitions Hotline' during the competition evenings and weekends on: +352 621 25 34 44. If you have any question, please do not hesitate to contact the CEV Volleyball Department (nationalteams@cev.eu).

2. Qualification pathway to EuroVolley 2028

The allocation slots for EuroVolley 2028 will be as follows:

- 4 slots – EuroVolley 2028 Organisers
- 4 slots – European League 2026
- 1 slot – Winner of EuroVolley 2026
- 4 slots – European League 2027
- Minimum 11 remaining slots – determined after the conclusion of the European League 2027 and the FIVB VNL 2027

In case a National Team is already qualified via another pathway, the following cascade rule applies:

Cascade Rules

Qualification Pathway

4 Hosts (EuroVolley 2028)

4 slots from European League 2026

1 slot for EuroVolley 2026 Champion

4 slots from European League 2027

Minimum 11 slots from European Ranking (end of European League/VNL 2027)

Cascade Rule

If a host nation has already qualified via another pathway, its host slot cascades to the European Ranking 2027.

If a qualified team occupies a slot, it goes to the next best team not yet qualified from the European League 2026 final standings.

If the champion is already qualified, the slot goes to the next best team not yet qualified from the EuroVolley 2026.

If a qualified team occupies a slot, it goes to the next best team not yet qualified from the European League 2027 final standings.

Allocated to the highest-ranked teams not yet qualified.

If a Final Six host is assigned:

- 1 organiser + five best ranked teams after the end of the League Phase. If Organiser after League Round is among the top five, the 6th ranked team will qualify to the Final Six tournament as well. If the organiser is not among the top six, the top five from the League Phase will join the host in the Final Six.
- The organisers of the Final Six are also required to compete in the League Phase.

If there is no organiser of the Final Six, the semi-finals (1 vs. 4, 2 vs. 3) and finals will be played in home & away format, while the better ranked team will host the second match at home.

The **top four teams** at the end of the competition will qualify directly for **EuroVolley 2028**.

For the avoidance of doubt, 2 different scenarios regarding the host of the Final Six:

- **If the host of the Final Six is not among the top 6 teams of the League round:** The host of the Final Six must win the title to secure qualification to EuroVolley 2028. If the host does not win the title, the next best team from the European League final standing at the end of the Final Six will qualify.
- **If the host of the Final Six is among the top 6 teams of the League round:** The host may qualify to the EuroVolley 2028 depending on their standing at the end of the Final Six.

Cascade Rule may apply if a team is already qualified via another pathway, in that case, the slot cascades to the next best team not yet qualified at the end of the European League from the final standing.

For the teams qualified to the CEV EuroVolley 2028, the participation fee for the CEV EuroVolley 2028 will be 25.000€.

- Validity extension

Following the recent update the FIVB has provided, we would like to inform you that since the ongoing content of both the Play Clean and Prevention of Competition Manipulation courses has remained unchanged, the validity of both certificates will be automatically extended until 31 December 2026.

Players and officials should download their updated certificates from the FIVB E-Learning Platform by logging in and checking their profile. Subsequently, NFs should upload the new certificates with an expiry date set as December 31, 2026 to the relevant player license inside the CEV 04 form. Please note that for any players with a valid license for the CEV European Cups 2026, such certificates will be imported automatically via the CEV database when filing the application for a license to compete in the European League.

- “Safeguarding” course

Furthermore, please be informed that, as of 1st January 2026, the Safeguarding course has become mandatory for all participants and officials involved in CEV competitions, in addition to the existing Play Clean and Prevention of Competition Manipulation courses.

Currently, it is possible to upload only the Play Clean and Prevention of Competition Manipulation certificates to the individual player licenses in the CEV 04 Form. Therefore, please present the Safeguarding certificates to the Supervisor either in paper or digital form during the Preliminary Inquiries of your matches.

We would like to remind once again that the provision of such certificates is mandatory to be eligible to take part in all CEV competitions.
